**Ninety Years of Family Washing**

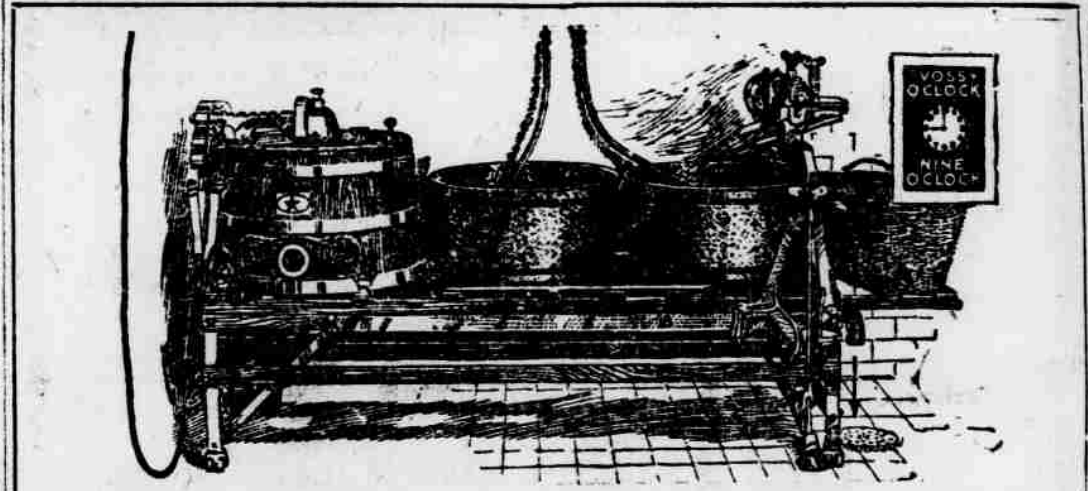

THIS VOSS WASHER, though only five years old, is owned by Mrs. Clark of Marshalltown, Iowa, and has done washing enough in that time to keep the average family in clean clothes for ninety years. Think of it—ninety years of family washing a week for five years—fifty years' wash for the average family and the machine is still going strong. Read what Mrs. Clark has written us:

Voss Bros. Mfg. Co., Davenport, Ia.  
Gentlemen—Having had such satisfactory service from my "Voss Electric Washer," bought of the Schmidt Hardware Co., I take great pleasure in writing you recommending the wonderful performance of my Voss Electric Washer.

This machine has been used nearly every work day for five years and has made me over \$4,000 in that time. I figure it has done work equivalent to at least 90 years of family washing as I have averaged about 15 washings a week. I have spent but a few dollars in repairs. I can surely recommend your machine to any one interested in washing machines.

Very respectfully,  
Mrs. J. W. Clark  
805 Bromley St., Marshalltown, Ia.

Could there be any stronger guarantee of quality, durability and workmanship than this, the testimonial of a woman who has made her living by washing?

February 27th, 1920.  
Voss Bros. Mfg. Co., Davenport, Ia.  
Gentlemen:

The fact that we have purchased the second washing machine of your manufacture for this Club, is sufficient evidence that your machine is doing the work most economical than any other we have had.

While we have kept no record as to the amount of washing done with the machine, yet we are satisfied with the work performed, and as for cost, we believe it is the most economically operated machine on the market.

This is our second machine and should we be in the market for another we know that the Voss machine would be installed.

Very truly yours,  
Rock Island Club.  
O. F. Hildebrandt, Sec'y.

We know that these facts are convincing, but to prove our claims for Voss Superiority we will be glad to have you call at our store for a demonstration.

**THE opinion of this user regarding the lasting efficiency and tremendous practical value of Voss Washers is well supported by the Rock Island Club, an organization of business and professional men. That this club appreciates the exceptional practicability and unusual efficiency of the Voss is conclusively demonstrated by their letter, reproduced over the signature of the club secretary.**
